Bold Spring United Methodist Church

Community Life Center Paver Program

The Bold Spring United Methodist Church invites you to become a permanent part of the new Community Life Center project by purchasing a commemorative brick. The bricks will be installed on the sides of the front entrance. Purchasing a commemorative brick is an easy way to leave a lasting family legacy at the Center and at the same time help pay for other projects to help in the completion of the building. This purchase ensures that you will become a permanent part of our Church history. Personally Engraved Bricks are $100.00 each. In Honor, In Memory or In Dedication to Family, Friends or others that you want to commemorate.
